

Small Group Faith-In-Life

Who is God to you? What is God like?

What qualities of God are important to you?

What are the two or three most important areas of your life?
(school, family, sports, band, singing, friends, church, painting, what?)

Do you see God in these areas? How, when, where?

Have you ever felt God in your life?

What did it feel like? When, where, how?

If you could ask God any question, what would it be?

What do you do when you are tempted to sin?

What does God think when He looks at you?

How does God show his love to you?

Where have you seen God in the last two weeks?

How important is prayer in your life?

How often do you talk to God? Do you talk to Him like a friend or is the conversation more formal?

What do you think Jesus was like when He was 11-13 years old?

How are you the same way or different?

Does following Christ make a difference in your life?

Why or why not?

Why do we have belly-buttons?

Have you ever seen God take something bad and make it good?

When, where, how?

What does your choice of music, video games, clothing, movies, etc. say about your faith (your beliefs and relationship with God)?

What are two things you like most about this group?

Does this say anything about your faith?
