2. Each youth is responsible for the entire cost of the each Mission - \$600 for Work Camp
 - initial deposit is \$200 for Work Camp – nonrefundable – due at time of registration
 - each youth can earn sponsorship at Fundraisers based on hours worked at event and youth's participation in the event.
 - Sponsor donation money may be raised to cover full costs of Mission – funds will be credited to the youth's account upon receipt.
 - There will be deadlines for payments to make sure people are contributing on time
3. There will be a Waiting List to fill spots – again first come, first available
4. There are some partial scholarships available for youth in need. (to be determine after interview with Director of Youth Ministry or Pastor.
5. Work Campers will be doing **service projects** in their small groups throughout the year.
6. Work Campers are expected to attend **EVERY** Work Camp meeting.

These changes have been made after much discussion with adults and youth. Exceptions will be made upon a case by case situation.
